

This document details the pre-requisites and process for applying for access to Länsförsäkringar Bank AB PSD2 API and also serves as the application form.

Pre-requisites

In order to complete the application you need:

1. Valid Third Party Provider (TPP) license from your National Competence Authority (NCA) with pass porting rights to Sweden.
2. Valid Qualified Certificate for Seals (QSEAL) certificate from any Qualified Trust Service Provider (QTSP) in order to be able to sign the application form.

Notice that you will also need a Qualified Website Authentication Certificate (QWAC) in order to call the API.

Process

1. Create developer account in developer portal (<https://developer.bank.lansforsakringar.se>)
2. Create an app in developer portal.
3. Request access to API with for given app in the developer portal.
4. Fill in the information in the form on the next page.
5. Sign the document according to the eIDAS Advanced Electronic Signatures (AdES) or Qualified Electronic Signatures (QES) level.
6. E-mail the signed document to openbanking@lansforsakringar.se

Once we have received and processed the application you receive a status notification.
